DIRECTOR'S DESK

CAREER HEIGHTS is a Professional Institute catering services in the field of Commerce (CA,CS,CMA, 12 , 11) since last 14 years. The institute is set up under the Exclusive Guidance of **CA ROMIL JAIN Sir (All India Rank Holder in CA,CS Exams)** and managed by well Professional Faculties who all are CA, CS, CWA, MBA.

Career Heights over a short span of time has trained more than 4000 students for 11, 12, CA, CS and CMA. The Institute has deliver its exceptional All India Ranks at CA Exams at All Levels and CS/CMA Over a period of time. Over the period CAREER HEIGHTS has developed its Unique Identity in **CBSE / RBSE School Integrated Programme** providing the benefit of School and Coaching at Single Place.

This is till date one of the best Programme in Commerce where the student gets benefit of both **School and Coaching at a Single Place** getting free from Multiple Coaching, Double Burden of School and Coaching thus saving both time and money of student.

The Student can thus focus himself on Both School studies and to Prepare Professional Courses along with Class 11 and 12. CAREER HEIGHTS Is also developing in recent times another Wing for Students named as **CAREER HEIGHTS JUNIORS** Where Class 9 and 10 Students will also get benefit of Schooling and Coaching at A Single Place.

In the Meantime CAREER HEIGHTS Has also developed **Digital Segment** for its student through **You Tube Channel CAREER HEIGHTS** with **more than 5000 subscribers, daily watch time of 800 plus hours, 5 lakh plus views and more than 1000 Educational Guidance Videos.**

We invite you to become part of CAREER HEIGHTS Team and Experience the Journey of Quality Education from your Foundation to Final Level.

My experience of SIP batch at Career Heights is really amazing. The SIP batch not only focus on studies but also on other co-curricular activities which leads to the all round development. The SIP batch program is very time saving as it provides dual benefits of schooling and coaching and is a economical option. The faculty here is very experienced - friendly and supportive which always inspires and motivates to be a good person and be on right path.

My experience was very nice & awesome with the SIP batch of Career Heights, after coming here, I did not have to take any extra coaching, which saved me a lot of time for self study & other activities. The faculty here is very experienced & cooperative, which helps a lot in studies. Our Accounts teacher CA Romil Jain Sir always kept us motivated for our bright career in Commerce field.

School Integrated programme of career heights was useful as well as not too much time consuming. We spend 4-5 hours at working and our all main subject are so perfect with up to date. We didn't require any extra working. During games and tours we enjoyed a lot.

The School Integrated program (SIP) of Career Heights Institute is the best program for students of Commerce. It is time saving & economical. The faculty is very experienced and well-qualified and they always give motivation to the students. Choosing SIP is a good decision because after the morning classes we get time for extra co-curricular activities. My experience with Career Heights is very good under the guidance of CA Kamal Jain sir.

Thank You.

Hello! I'm Lakshita Loхар. I'm studying in Career Heights since class 11 & now preparing for 12th CA foundation. I think I would not have taken the decision of doing CA if didn't join Career Heights. The Faculty has helped me a lot in believing in myself & to know my potential. The School Integrated Programme helps you save your time & also score high. The teachers are highly qualified & extremely hardworking. According to me Career Heights is the best option if one chooses the commerce stream.

I have developed lot of skills after gaining career heights. I was not good at studies before 11th but CA Kamal Jain sir and CA Harpreet sir, CS Archit Sharma sir motivated me a lot and because of them I get focused on my career and studies. In SIP batch of Career Heights I have learned the concepts so very easily that it is very easy to further continue them as basics and learn CA foundation.

Career Heights classes is an application of education and learning with an organization. It gives the students a path towards the career. Teaching faculty here gives individual attention to each student. The environment or atmosphere of the classes is great and can't be expressed in one line.

SIP batch or School Integrated Programme running by Career Heights is boon for students as well as Parents. SIP batch is an interesting journey with Kamal sir, Mohit sir and Harpreet sir. SIP batch is time saving, less expensive and budget friendly. It includes fun activities, overall development and interesting tours. I am enjoying and loving this School Integrated Programme.

At Career Heights you not only study under one of the best faculty but also experience the student friendly environment there is. They help you find the perfect balance between studies & fun, truly an example of learning made fun.

Such an awesome privilege to be a part of this institute. The knowledge that I am getting from Career Heights is awesome. Best part of joining the SIP batch is that the teaching is maximum, practical which help us to solve and will help in professional courses. Best way of teaching and helpful nature of teachers.

After joining this institution, evening coaching are no more needed. I utilize that time into cultivating newer skills. Unlike before, we don't have to pay double fees for coachings and schools both. Such excellent educational facilities and faculty can certainly be found nowhere else.

Career heights is perfect for commerce student. Teachers & staff at this institute are very friendly & supportive. If you are an CA aspirant, then career height is best choice. I feel like home when I am at coaching. I don't feel hesitant to ask questions to teachers & talk to him. We learn each & everything while enjoying it. SIP system of Career heights not too much time consuming so we get more time for study and other activities at home. I love Career heights & proud to be part of it.
